

Our philosophy on wine and other beverages....

As with our food, we are proud to showcase Cumbrian products and producers. There are many fine ales and beers that are brewed locally. Several small distilleries produce distinctive spirits, this includes whisky, gin and vodka, particularly the Lakes distillery at Bassenthwaite lake, just a stones throw away. We use Cumbrian wine suppliers Lakeland Vintners of Ings, near Windermere. This is a family owned wine merchant that sources wines of distinction from small, family owned producers, including award winning English wines. Our French wines are sourced mainly through specialist suppliers Vine Trail. Using no agents or brokers they provide a very individual selection, sourced from smaller growers/producers.

Angharad and Gareth of Carvetii in Embleton strive to produce the best coffee possible. They achieve this through careful sourcing of beans, innovative roasting and an obsession with training their clients.

Even bottled waters comes from our own spring on Magic Hill. Not only does this reduce our carbon foot print, for every bottle sold £1.00 is contributed to Nurture Lakeland. This is a unique, award winning organisation inspiring people to care for Cumbria's natural environment, through responsible tourism.

We believe that really good food deserves great wine. We hope this will excite and tempt you to try something new, and 'off the beaten track'

Champagne & Sparkling Wine
